ONE DAY WORKSHOP ON AI IN EDUCATION: Empowering Educators for the AI Era

Organized by:
IQAC, SACoE
in collaboration with
Me@AI

Date: 30th October 2025
Venue: CEBEMO Hall

*Participants will be issued e-certificates*

About Us

St. Ann's College of Education is a Catholic Minority institution managed by the Society of the Sisters of St. Ann of Providence affiliated to Osmania University. Established in 1966, the college offers B.Ed and M.Ed programs in Education. It operates under Section 2(f) and 12(B) of the UGC and holds an 'A' Grade accreditation from NAAC (4th Cycle). Our vision is to scaffold students into becoming responsible teachers, dedicated to the holistic development of their pupils through selfless service to the community. The mission of the college is to chisel students into intellectually competent, emotionally enhanced, socially sensitive, morally upright, spiritually oriented, loyal teacher-citizens.

About the Workshop

Artificial Intelligence (AI) is revolutionizing every aspect of life and education is no exception. In today's digital age, AI is a powerful catalyst for transforming teaching, learning, and assessment.

This one-day workshop aims to empower teachers and teacher educators with the skills and insights to effectively integrate AI into educational practice.

Participants will explore how AI supports:

- Personalized and adaptive learning
- Automated feedback and grading
- Intelligent tutoring systems
- Creative content generation

The workshop emphasizes responsible AI use, promoting ethical, inclusive, and reflective approaches in education.

Workshop Objectives

- To enhance awareness among teachers and teacher educators about the scope and impact of AI in transforming teaching, learning, and assessment.
- To develop competencies in identifying and using AI-based tools and applications for creating personalized, engaging, and data-driven learning experiences.
- To promote ethical and reflective practices by addressing issues of bias, privacy, and responsible use of technology in education.

We warmly invite student teachers, teacher educators, and education professionals to participate in this enriching one-day workshop.
Join us in discovering how Artificial Intelligence can empower educators and redefine the future of learning.

🌍 *Together, let's build classrooms that think smarter.*
